

MOUNT ETNA CHILD & FAMILY SERVICES

New Team Member Onboarding · Checklist

YOUR FIRST TWO WEEKS · WEEKS 1 AND 2 · PART OF THE MOUNT ETNA ECOSYSTEM

This checklist turns the 9-day onboarding pathway and the Employee Handbook into the items each new team member is expected to complete by the end of Week 1 (Days 1 to 5) and Week 2 (Days 6 to 9). Items run across six threads: HR and compliance, systems and tools, clinical learning, practice prep, client observation with Vetania, and team meetings. On-site client observation begins only once the Vulnerable Sector Check is clear; until then, observation runs through video case studies.
